The Music curriculum provides breadth and balance, is relevant and engaging and is differentiated to match needs and abilities.

Instrumental sounds are taught in Nursery through the DfE Letters and Sounds programme and instruments are available to be explored in the outdoor continuous provision.

- This in-turn informs the medium term planning as to what is taught within Music teaching units;
- The short term plan lists specific learning objectives that are to be covered and success criteria to support both children and adults in assessing their work;

## The Winterton Federation Music Policy

- In Key Stage 2 the 'Music Express' Scheme of Work provides the basis of music lesson content from Year 3 to Year 6 in developing Music Composition;

## The Winterton Federation Music Policy

### **Subject Leader**

The role of the Subject Leader is to provide professional leadership and management for a subject in order to secure high quality teaching, effective use of resources and high standards of learning and achievement for all pupils.

They achieve this by affecting the following key areas:

- Strategic direction and development;
- Learning and teaching;
- Leading and managing staff;
- Efficient and effective deployment of staff and resources;
- Having regular discussions with the Executive Headteacher and other senior leaders about learning and teaching in Music and providing an annual summary report (Subject SEF) about their work as Subject Leader and an evaluation of the strengths and areas for development for the subject;
- Having specific allocated time during the academic year for subject self-evaluation activities.

### **The Music Lesson: Good Practice**

#### Music Units of Work

- A progression of lessons will be planned over a five or six week blocked unit of work that is taught over a half term;
- The Music units of work are taught either weekly or as a blocked period of work.

Within each Music session there will be the following elements:

- A clear Learning Objective with focused Success Criteria (some of which may be one or two of the Unit Success Criteria) which is used by both the teacher and the children to assess the lesson's work;
- Teachers model lesson activities at a level which is appropriate to the needs of the children within the class being taught;
- A plenary or series of mini plenaries are used throughout the lesson to reinforce the Learning Objective, address misconceptions, refer back to the Success Criteria or to move the children's learning on further;
- Over the course of a unit, the lessons taught include singing, performance, composition, specific listening tasks, and giving of and listening to appraisal and constructive criticism;
- Musical activities within lessons are planned carefully to encourage active participation and enjoyment by all children, irrespective of ability.

### **Music across the Curriculum**

Children are taught a wide range of musical skills that enable them to access and understand different types of music in a variety of contexts, both within the Federation and at home.

Opportunities are used for musical experiences through a range of activities in other subjects to enable children to apply and use Music in real life and academic contexts.

Music is incorporated into a variety of activities and events within the Federation, such as weekly assemblies/Collective worship, singing assemblies/choral worship, classroom routines and special celebrations.

## The Winterton Federation Music Policy

### **Assessment, Record Keeping and Reporting (please refer to the Federation's Assessment and Teaching and Learning Policies)**

Children's standards and achievements in Music are assessed in line with the School's Assessment Policy. On-going Assessment for Learning (AfL) practices within class and group sessions, including the sharing of and reference being made to Learning Objective and Success Criteria and self and peer assessments of understanding, outcomes and progress.

Assessments are used by teachers to evaluate learning and inform teaching and by teachers and senior leaders within the Accountability Process to evaluate individual and groups of children's standards and achievements and provision and to inform future provision and federation development.

Music is reported on at the end of the academic year in each child's School Report.

### **Inclusion**

Inclusion is about every child having educational needs that are special and the Federation meeting these diverse needs in order to ensure the active participation and progress of all children in their learning. Successful inclusive provision at The Winterton Federation is seen as the responsibility of the whole school community, permeating all aspects of Federation life and applicable to all our pupils.

Inclusive practice in Music should enable all children to achieve their best possible standard; whatever their ability, and irrespective of gender, ethnic, social or cultural background, home language or any other aspect that could affect their participation in, or progress in their learning.

Children that are 'talented' for music will be given the opportunity to prepare pieces of music to be performed in assemblies; as individual items and also as background music whilst children enter and leave the hall.

### **Monitoring and Review**

The Music Subject Leader monitors the effectiveness of this policy on a regular basis. The Executive Headteacher and Music Subject Leader report to the governing board on the effectiveness of the policy annually and, if necessary, makes recommendations for further improvements.
