

### The Winterton Federation Pet Risk Assessment Record

			People at Risk					Risk Rate			
			Employees	Students	Other Users	Contractors	Public	Severity	Likelihood	Risk Level	
<b>SITE LOCATION: All Federation school areas</b>											
Activity / Premises Equipment	Haz. No	Identified Hazard						Precautions and Controls			
Asthmatic/allergic reaction to dog.	<b>1</b>	Allergic reaction after contact with dog.	✓	✓	✓	✓	✓	Parents asked to inform the Federation of any known allergies prior to interaction with dog. A list of any children who should not interact with the dog will be kept on the relevant school recording system. Dog bedding to be washed regularly to reduce dust. Children will have the opportunity to interact with the dog as they wish and those with allergies will be able to opt out of interaction. Children taught to wash their hands after active participation with the dog.	<b>B</b>	<b>1</b>	<b>M</b>
Dog phobia.	<b>2</b>	Distress caused through close proximity to dog.	✓	✓	✓	✓	✓	Staff to supervise dog at all times and be sensitive to all children's reactions. Parental consent form to be obtained for close contact with dog. Parents/carers to be offered programme of support for child to help overcome aversion. Visitors to be advised of dog on site on arrival and dog moved to safe space if necessary. Notice signs displayed in each school advising of dog presence and noted on Federation website.	<b>C</b>	<b>1</b>	<b>L</b>
Dog bite/scratching.	<b>3</b>	Pupil/staff member/visitor bitten or scratched by dog.	✓	✓	✓	✓	✓	Dog will always be in the care of a responsible adult and will never be allowed to freely roam the school premises. Dog to be kept on lead when walking around the school premises. Dog trained to have no mouth/teeth contact and to respond to "no" command. Dog trained not to jump up. Dog claws to be kept trimmed to reduce the risk of scratches. Staff to regularly monitor dog's temperament, behaviour and mood. All immunisations are kept up to date as directed by the vet.	<b>B</b>	<b>2</b>	<b>M</b>

			People at Risk					Risk Rate			
			Employees	Students	Other Users	Contractors	Public	Severity	Likelihood	Risk Level	
<b>SITE LOCATION: All school areas</b>											
Activity / Premises Equipment	Haz. No	Identified Hazard						Precautions and Controls			
Children/adults coming into contact with dog faeces/vomit.	4	Germ from faeces/vomit. Faeces/vomit on shoes and clothing.	✓	✓				Dog walked and toileted on grass in school car park. Faeces/vomit removed in poo bags and area disinfected. Dog regularly wormed and treated for flea prevention.	C	2	L
Dog becoming anxious or tired.	5	Pupil/staff member/visitor bitten or scratched by dog.	✓	✓	✓	✓	✓	Dog to have safe spaces on school site. Dog not to be disturbed when sleeping or eating, unless in an emergency. Children educated how to behave when dog is on any school site, i.e. not banging doors. If dog becomes anxious it will be removed to safe space and only reintroduced to education zone when trust has been re-established.	C	2	L
Fire alarm.	6	Dog becoming distressed at sound of alarm.						Dog to be introduced to fire alarm sound preventing him becoming distressed upon activation. Key member of staff in each area responsible for removing dog from building upon fire alarm activation.	C	2	L
